

CITY OF OAKLEY

CURB AND GUTTER IMPROVEMENT PROGRAM

The City of Oakley has approved a program to assist property owners with the removal and replacement of curb and gutter adjacent to their property.

The City of Oakley will reimburse the property owner \$12.50 per linear foot for the removal and replacement of curb and gutter. The following guidelines must be followed:

- 1) The City Office must be contacted PRIOR to the beginning of the removal of the curb and gutter.
 - 2) All trees which have caused damage to the present curb are to be removed before new curb is constructed.
 - 3) All curb and gutter must be constructed so to provide the proper drainage and matching existing curb line.
 - 4) If the curb is located at a corner of a block, the City will require the installation of a handicapped accessible curb cut and will pay for the additional cost of the project. (Separate form for handicapped accessible curb cut).
 - 5) All of the City's requirements for concrete and curb and gutter construction will be followed to be eligible for the rebate.
 - 6) The property owner will also be eligible for the City's sidewalk rebate program if sidewalk is removed or replaced or if new sidewalk is constructed along with the curb. (Separate form for Sidewalk Improvement).
 - 7) Entrance curb for driveways will not be included in the rebate program.
